Re:
Oil recommendation for summer 1957

During the summer we recommend for our motor-cycles only the use of branded lubrication oils, i.e. the HD oils you find on your market.

A. Engine and gear box of all models

Branded engine oils SAE 40.

B. Frontfork

For R 24, R 25, R 25/2, R 51/2, R 51/3, R 67, R 67/2, R 68: branded engine oils SAE 40.

For R 25/3 branded engine oils SAE 20.

For R 51/3 (1954), R 67/2 (1954), R 68 (1954) branded shock absorber oils.

C. Rear drive

For all models branded engine oil SAE-40.

D. Rear suspension swing fork R 50, R 60, R 69

Branded engine oil SAE 40.

E. Lubricating grease

For wheel hubs and all other greasing points branded lubricating grease with a melting point of 310° Fahrenheit (180° Celsius) has to be used.
