FUN – FREEDOM – ACTION – ADVENTURE : ACTIVE LINE

The time has come to really enjoy life. Active Line is the special range of sportswear by BMW Motorrad. Active Line comprises multi-function wear, equipment, and accessories. For people who are always where the action is – anywhere between the sky and earth – mountain climbing, sailing, parachuting, on a snowboard, skis, mountain bike, and of course, on their motorcycle. Because Active Line has everything it takes for any kind of action, and it can take a lot, particularly a lot of fun. It makes you independent of wind and weather and allows you to look good in any kind of adventure. You might say, it's just right for the individual free of any limits.

ACTIVE LINE MULTI-FUNCTION SUIT. VERSATILITY ALL THE WAY.

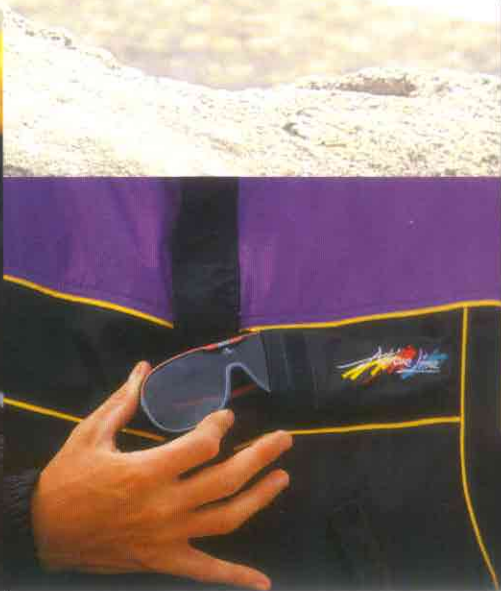

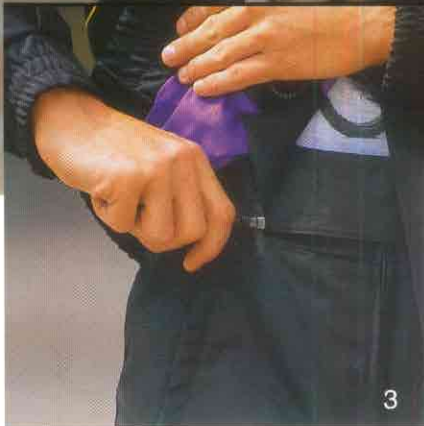

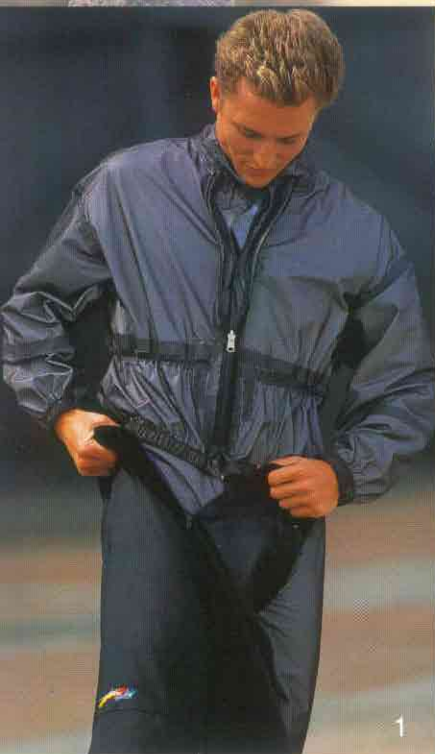

The Active Line multi-function suit is just right for the individualist with a pledge to versatility. Because it is actually two suits in one – a practical inner suit beneath the attractive outer suit – with numerous features you can combine individually according to your own personal style in any way you like. For hot temperatures just take the outer suit with protectors for extra safety in the jacket and pants. Whenever it is really wet, the GORE-TEX® inner suit will protect you 100 percent in the rain. Whenever you run into low temperatures and wet conditions together, for instance in winter sports, the combination of outer and inner suit is just ideal.

THE ACTIVE LINE MULTI-FUNCTION SUIT HAS EVERYTHING – DOES EVERYTHING – TAKES EVERYTHING

Active Line

1

The protective outer suit made of tear-proof Cordura fits conveniently over the water-tight inner suit giving you the right combination at all times. When traveling you only need the outer suit, while the inner suit is just perfect for sailing or rafting. The combination of both suits gives you exactly what you need for skiing.

2

SECUFLEX protectors ensure additional safety on the road. This special BMW material is truly unique, soft and hardly noticeable under normal conditions. In the event of sudden impacts, it instantly hardens and provides a perfect damping effect. The protector pads are sealed water-tight and may be removed if desired.

3

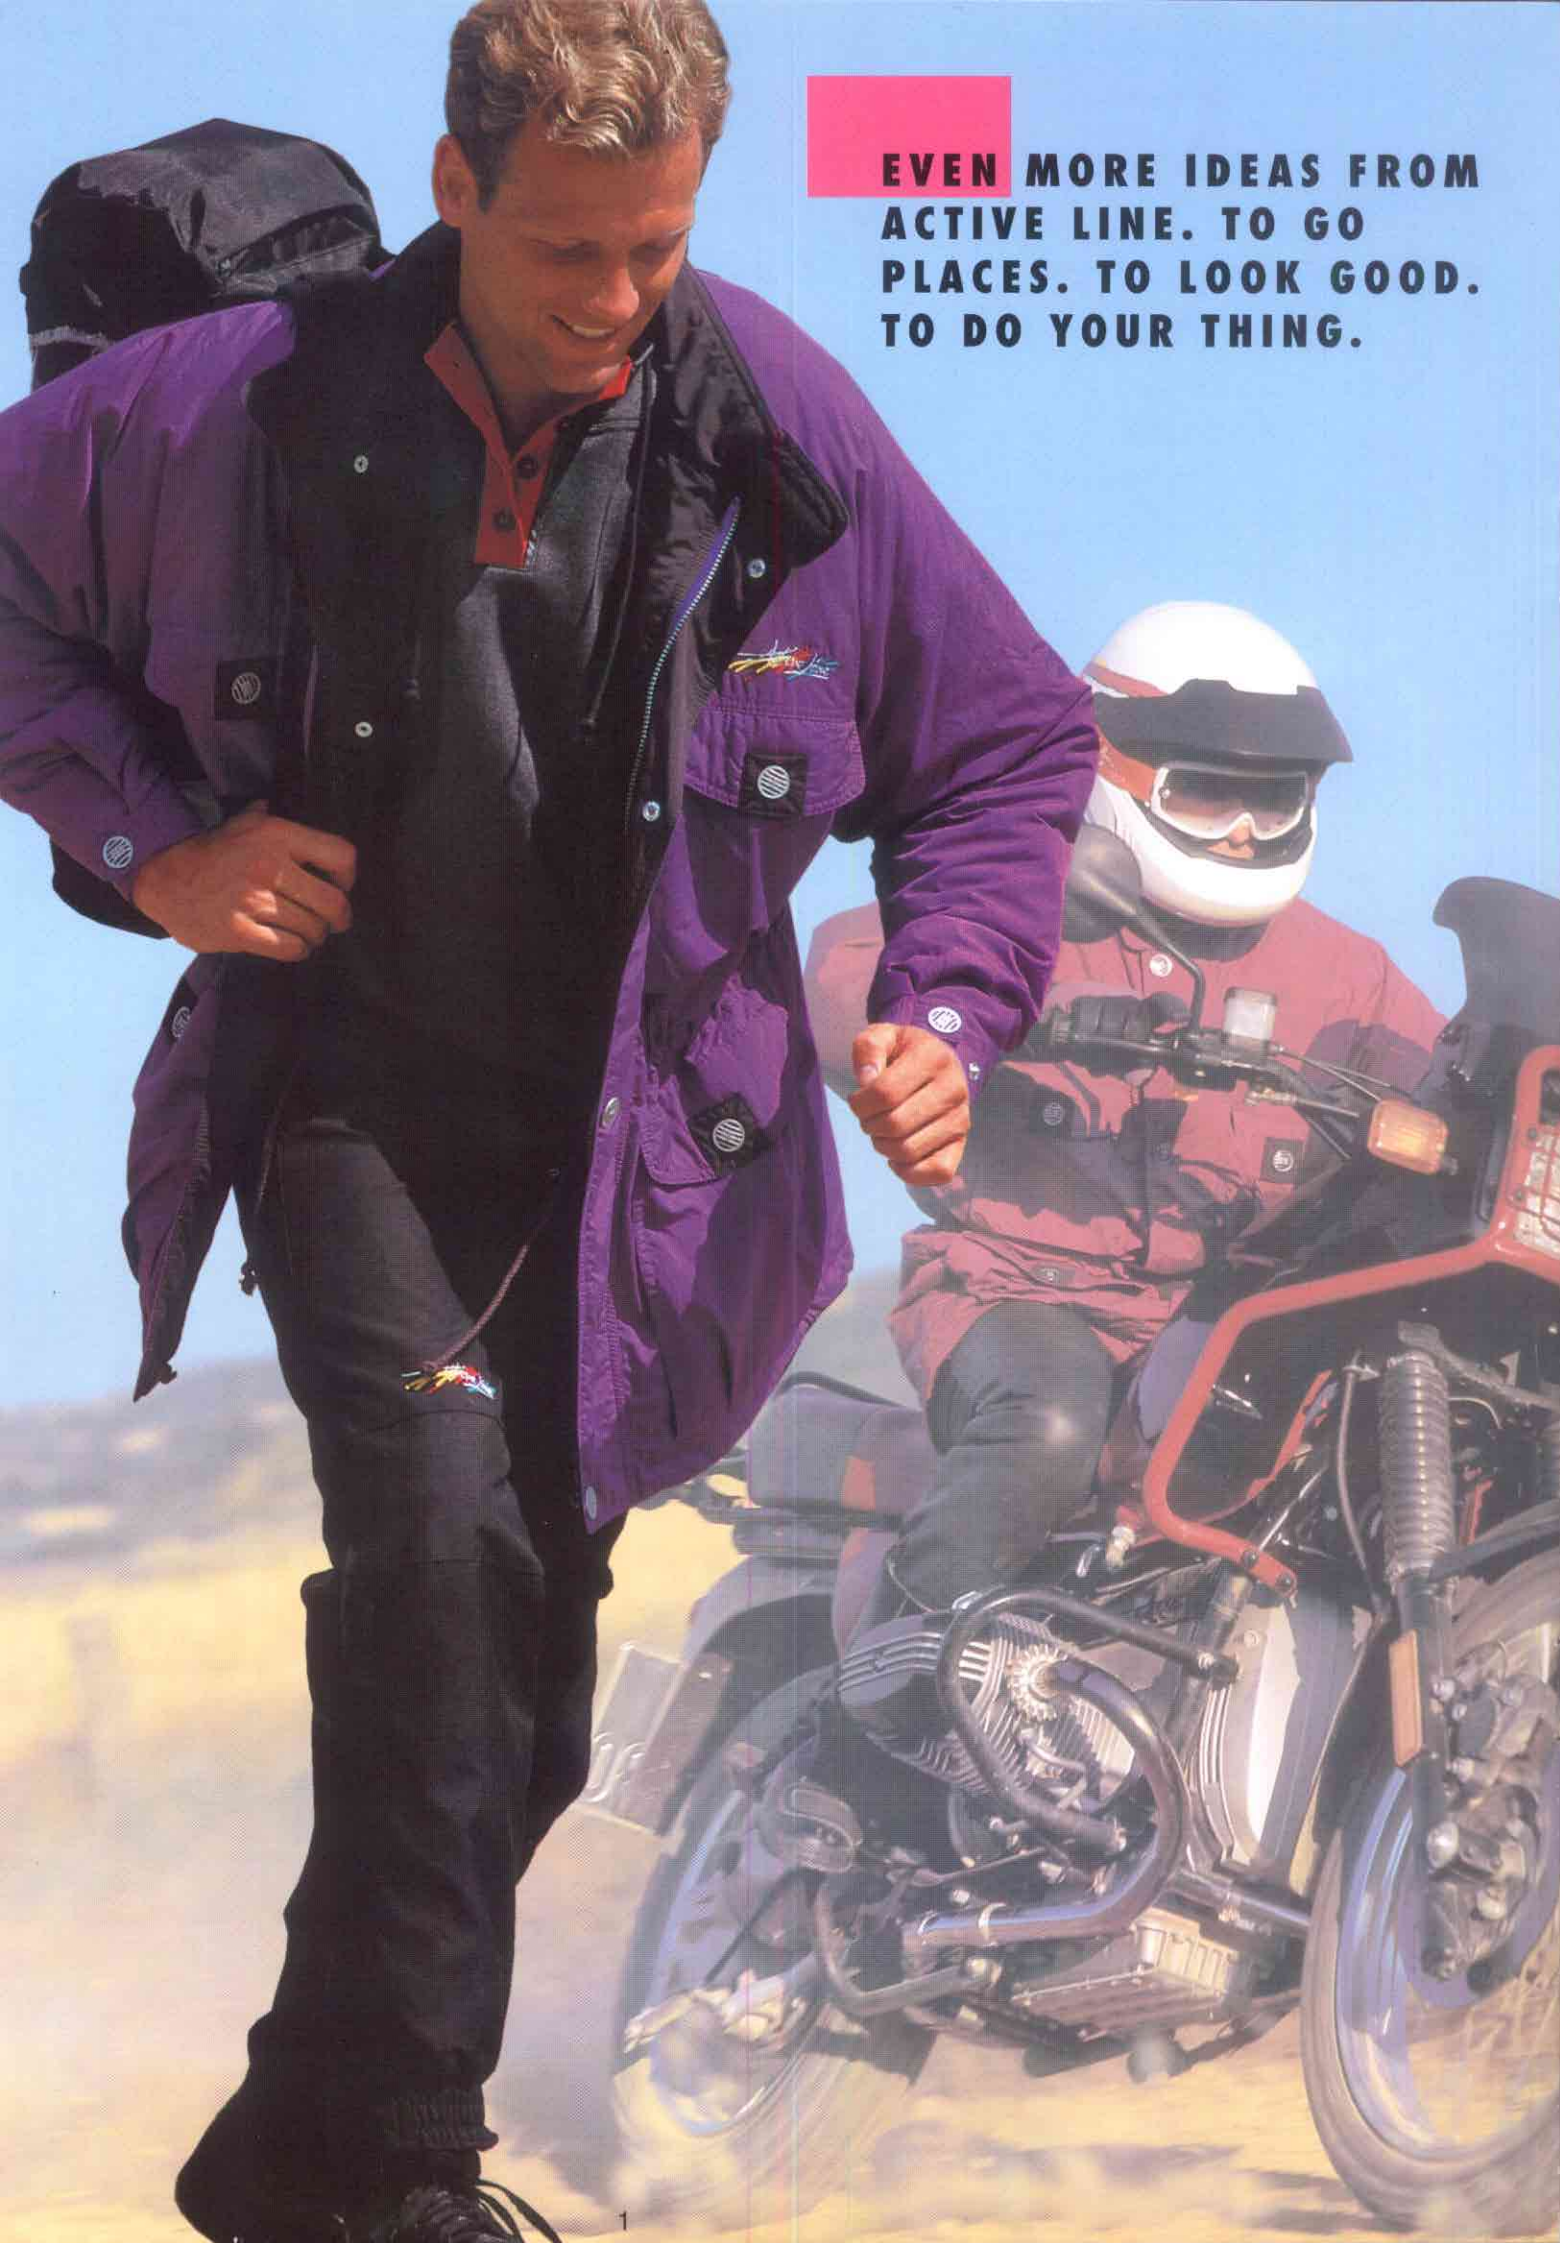

The zipper joins the jacket and pants to form one single-piece suit. The inner suit is fastened to the outer suit by press studs.

4

Your sunglasses are always handy in the small outer bag along with your ski pass, keys, money or documents. They all fit perfectly into the water-tight removable bag in your chest pocket.

5

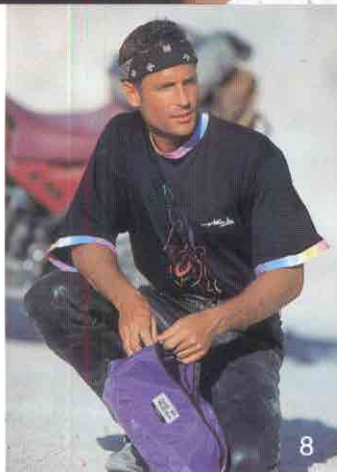

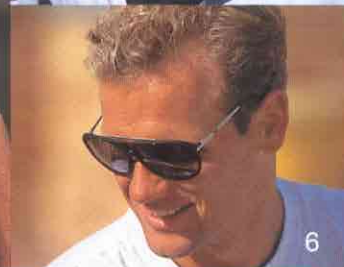

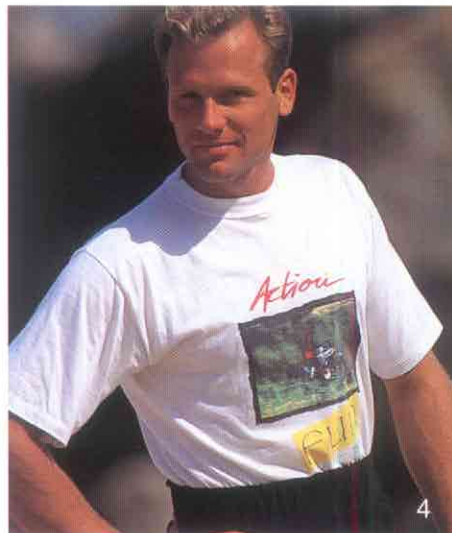

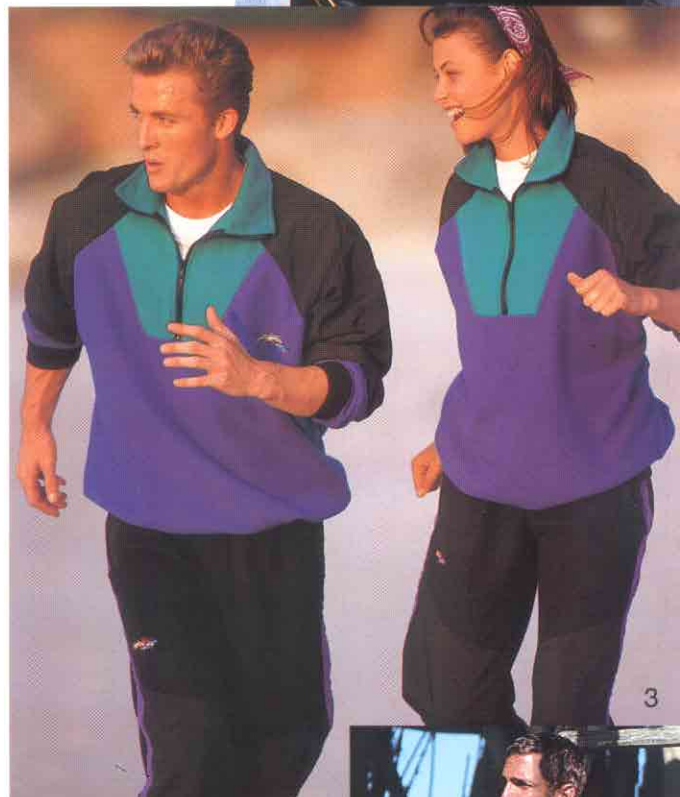

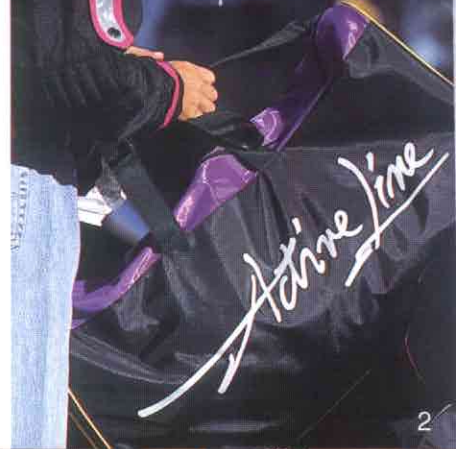

The pant legs are adjustable to your personal requirements. A folding, water-tight insert behind the long zipper guarantees additional flexibility.

**EVEN MORE IDEAS FROM
ACTIVE LINE. TO GO
PLACES. TO LOOK GOOD.
TO DO YOUR THING.**

- 1 The Active Line jacket is an ideal match for the GORE-TEX® pants or, incidentally, for any other pants you may be wearing. It is also just right for any kind of weather because the GORE-TEX® keeps the jacket and pants absolutely water-tight with an extremely good breathing effect. Removable protectors around the elbows and knee pads give you exactly what you need for more demanding adventures.
- 2 The Active Line clothes bag offers ample space for all your equipment. There are even two additional plastic sections for your helmet, boots or camera.
- 3 Forget about the cold in the Active Line polar fleece suit, which is simply ideal in extremely cold weather. It is just perfect as an undersuit or for the serious jogger.
- 4/8 You'll feel good in a real T-shirt. The Active Line T-shirt combines top quality with good looks to make you look your best at all times.
- 5 Whenever you feel a draft around your neck, the Active Line scarf keeps you cozy and warm and looks good at the same time.
- 6 The Active Line sunglasses are not only trendy and modern, but also robust and sturdy. The frame is made of carbon fiber; the lenses are of shatterproof, scratch-resistant polycarbonate.
- 7 The Active Line thermal undersuit is elastic, tight-fitting, cozy and warm. Consisting of two pieces, it fits perfectly beneath the multi-function suit. Material: Outer suit: cotton/polyester mix. Inner suit: 100 % cotton.
- 9 The Active Line baggage roll accommodates up to 2.1 cu. feet of baggage for convenient transport. It is made of tear-proof nylon with high-frequency welded seams.

THE ACTIVE LINE ADVENTURE KIT. FOR A WELL DESERVED TIME OUT.

To really enjoy a genuine adventure, you sometimes have to ride a long way into the great outdoors. In many cases you even have to leave the beaten track and spend the night in the country. That is precisely when you will appreciate the right kind of equipment – equipment that gives you everything you need such as the Active Line Adventure Kit. Everything is convenient and easy to handle right to the last detail. All items are made from top-quality materials and with a perfect finish for extra sturdiness and a long, useful life.

The Active Line tent is extra-light, hardly takes up any space, but nevertheless braves even the worst wind and weather. You can set it up in just a matter of minutes.

Using the isomat is even easier, as it inflates automatically. All you have to do is roll out the extremely comfortable sleeping bag for a good and pleasant rest.

The Active Line sleeping bag has been developed especially for adventure sports such as motorcycling, bicycle touring or camping. The filling made of innovative hollow polyester fiber combines an excellent insulating effect with particular comfort at night. One of the many practical features is the two inner pockets for your traveling documents.

1

The Active Line Adventure Kit enables you to set up camp quickly, easily and efficiently and to stow away everything just as efficiently the next morning.

2

The Active Line isomat is extra-light and can be stowed just about anywhere. For a good night's rest, just unroll the mat and let it inflate automatically. You can blow in additional air for your personal comfort. The air padding keeps you warm and cozy even on a cold night.

3

The extremely stable dome structure is made up of aluminum rods requiring virtually no adjustment. If necessary, you can naturally use the outer tent by itself while keeping your baggage in two separate areas behind the entrance.

4

No load is too heavy. The Active Line backpack takes up all your baggage according to your individual requirements because inside it is interconnected by zippers for variable space. The padding on the back, padded shoulder straps and hip belt ensure a comfortable and convenient fit at all times.

5

Using the multi-functional central lock, you can fasten additional items such as your BMW System Helmet within a matter of seconds.
