

# The best deserve the best. Luftmeister Accessories for your BMW.

You didn't settle for less than the best when you bought your BMW. Don't stop now. These non-stop options by Luftmeister from Butler & Smith are color-matched and specifically designed to fit your BMW motorcycle. And crafted in the same tradition of excellence.

**The Luftmeister Fairing.** A natural extension of your BMW in looks and performance, the Luftmeister fairing is hand-pinstriped. No-compromise lightweight construction: Tough, durable, multilayered fiberglass with reinforced ribbing; chrome moulding and soft black vinyl padding to protect edges. Two deep storage wells with snap-on tonneau covers, featuring "kangaroo" pouches. The aerodynamically contoured design means more protection and riding comfort at all speeds.

Standard quartz-halogen headlight and turn signals integrate perfectly. Reflective driving lights and headlight adjuster are built in for your safety.

**The Luftmeister Lower.** Made of sturdy, high-quality A.B.S. plastic and color-matched to your BMW, the Luftmeister Lower is perfectly matched to the fairing. Easy to install and remove, our lowers are more than an after-thought. Even the fairing's protective chrome moulding becomes an integral part of the

lowers. Luftmeister Lower: Just one more way to improve your riding fun.

**The Luftmeister Travel Trunk.** Hand-pinstriped and color-matched to your BMW, our lightweight fiberglass travel trunk is designed to fit the BMW luggage rack/saddlebag mounts. Its weather resistant, roomy interior provides convenient, safe storage. Comes with chrome plated, heavy duty, hasp lock.

Maximize your  
BMW.
