

**5 Ltr. F.M. Magnesium-Sump
for
BMW**

F.M. FALLERT MOTOR GMBH

Postfach 1106
D-7590 Achern/Baden – Telefon 07841/3008

THE SUMP FOR YOUR F.M. RACING ENGINE HAS BEEN CONSTRUCTED AS FOLLOWS:

- GOOD COOLING WITH LARGE COOLING FINS INSIDE AND OUT, MAKING A SEPERATE OIL COOLER UNNECESSARY
- SUFFICIENT SPARE OIL ON HAND FOR LONG JOURNEYS
- CRESCENT SHAPED BAFFLES COMPLETELY ENCLOSE THE OIL STRAINER
- THEREFORE THE OIL LEVEL CANNOT DROP IN THE AREA OF THE OIL STRAINER UNDER ACCELERATION OR BRAKING
- SPORTY LOOKS WITH AN AERODYNAMIC STREAMLINED SHAPE
- THE LARGE SURFACE AREA CREATES A VACUUM BETWEEN THE ROAD AND THE SUMP (SPOILER EFFECT)
- THE SUMP FITS ALL BMW MODELS FROM 1970 ONWARDS, INCLUDING R 45 / R 65 MODELS
- ON LARGE MODELS CUT OUT THE TOP STAND CROSS MEMBER (ALSO ON THE R 65)
- ON THE R 45 / R 65 MODELS THE SPRING HOLDERS ON THE STAND MUST BE MOVED OUTWARDS BY 10 MM
- THE SUMP CAN BE EASILY FITTED BY ALL RIDERS
- COLOURS: ALUMINIUM SILVER / MAGNESIUM GOLD / MATT BLACK

TAKE ADVANTAGE OF THESE FEATURES ON YOUR BMW
